

Kristopher Simmons

131 East 500 South Apt3, Provo, UT 84606 • 801.318.5504 • kris@krissimmons.com

○ Professional Purpose

I am a System's Administrator looking for a challenging and rewarding opportunity in the Utah County area. I am looking for a reputable, technology driven company to utilize my skills as an assertive troubleshooter.

○ Skills

- Decisive troubleshooter
- Excellent communication skills
- Equally effective as a team member and an individual
- Friendly and helpful
- Highly adaptable and proficient in a fast paced environment and able to maintain a positive outlook and attitude in any situation
- Strong ability to learn quickly
- Self-motivated with excellent problem solving and organizational skills that allow me to enable others as well as myself to exceed performance standards
- Great ability to learn new business technologies and software applications as needed. Skilled in the Unix/Linux command line environment.
- Known Programming Languages: PHP, Perl, MySQL, C++, Microsoft VB.
- Wrote PHP / Perl / Python scripts for alerting on server related issues.
- Wrote Perl Programs for Abuse Department at Bluehost which takes a specified account and gathers all FTP, Apache, Access logs and zips and emails them to abuse.
- Wrote Perl Program (with JavaScript/ jQuery included) for Bluehost Admins which masses out commands to servers.
